

Sessional Instructor Position, Department of Computer Science

The Department of Computer Science invites applications for a Sessional Instructor to teach SENG 301 for the Winter 2015 term. The position will commence January 1, 2015. Applicants must have a Ph.D in Computer Science or Software Engineering.

SENG 301 “Analysis and Design of Large-Scale Software I”

“Introduction to developing large-scale, quality software, from analysis of requirements, through design, implementation, and testing. Introduction to design for non-functional properties of software. Emphasis on individual skills.”

The Department is one of Canada’s leaders as evidenced by our commitment to excellence in research and teaching. It has an expansive graduate program and extensive state-of-the-art computing facilities. Calgary is a multicultural city that is the fastest growing city in Canada. Calgary enjoys a moderate climate located beside the natural beauty of the Rocky Mountains. Further information about the Department is available at <http://www.cpsc.ucalgary.ca/>.

A complete application should include curriculum vitae with e-mail address, a concise statement of teaching philosophy, and a teaching dossier describing past teaching experience. Candidates should arrange to have three letters of reference sent under separate cover as soon as possible to:

Erin Moloney

Department of Computer Science
University of Calgary
ICT 602, 2500 University Dr. NW
Calgary, Alberta, Canada
T2N 1N4
or email to: moloney@ucalgary.ca

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Applications will be accepted until October 23, 2014.

The University of Calgary respects, appreciates, and encourages diversity.
